AMERICAN EMBASSY MONROVIA

INVITATION TO BID

The Embassy of the United States of America hereby invites interested reputable and qualified construction companies to submit proposals for the installation of a solar system array relayed with the existing power sources to provide an uninterrupted power supply to operate a -80°C freezer on the compound of Liberia Institute for Biomedical Research in Margibi County located near the Roberts International Airport (RIA).

The technical specifications for the contractors are as follows:

Scope of work:

The Contractor shall provide all Labor, Management Supervision, tools, materials and equipment as required for performing the following:

1 Acquisition and installation of a split air conditioning unit connected to the existing power sources for continuous operations in the battery room to maintain the temperature for the power converting system.

2 Installation and connection of all solar panel components ensuring a fully functional and operational system for continuous power supply to the -80°C freezer including the acquisition and installation of relay switches and all electrical components.

3 Construction of a 300 square foot chain link fence with gate and locks at the solar panel array site for animal control and security with a 10 feet offset around to minimize the shadow effect on the panels.

4 Removal of all LIBR approved debris generated by this project upon completion

Duration: The expected duration for this project is 2 weeks from start date.

Site visit is scheduled for Friday, June 24, 2016 at 10:00 A.M. All prospective contractors are to assemble at the compound of the Liberia Institute for Biomedical Research in Margibi County located near the Roberts International Airport (RIA) where they will be escorted by an Embassy representative. The complete technical work requirements and specifications will be distributed on the date of the site visit.

This is a negotiated contract. Your proposal must be enclosed and address to "Richard L. McInturff, Contracting Officer, U.S. Embassy, 502 Benson Street - Monrovia, Liberia". Proposals must be submitted on Tuesday, July 5, 2016 at 14:00 hours. All proposals must be delivered to the New Embassy Compound Service Gate located opposite the Old CID Road, Mamba Point, Monrovia, Liberia. Prices quoted shall be in U.S. Dollars only. Oral quotations will not be accepted. Please contact Joseph N. Tiah on cell number 0886-557329 or 077084953 if you have any questions.
